

TÜRKİYE GİRİŞİMCİLİK VAKFI

**CONVENIENCE TRANSLATION INTO ENGLISH OF
FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY-31 DECEMBER 2018
AND AUDITOR'S REPORT**

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Türkiye Girişimcilik Vakfı

Our opinion

In our opinion, the accompanying financial statements present fairly, in all material respects the financial position of Türkiye Girişimcilik Vakfı (the "Foundation") as at 31 December 2018, and its financial performance for the year then ended in accordance with General Communiqué on Accounting System Application ("GCASA"), the principles announced by General Directorate for Foundations and accounting policies stated in Note III.

What we have audited

The Foundation's financial statements comprise:

- the balance sheet as at 31 December 2018;
- the statement of income for the year then ended;
- the notes to the statutory financial statements, which include a summary of significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the statutory financial statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Foundation in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code"). We have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

Responsibilities of management and those charged with governance for the statutory financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GCASA, the principles announced by General Directorate for Foundations, accounting policies stated in Note III and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the Foundation's financial reporting process.

Auditor's responsibilities for the audit of the statutory financial statements

Our objectives are to obtain reasonable assurance about whether the statutory financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these statutory financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the statutory financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the statutory financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the statutory financial statements, including the disclosures, and whether the statutory financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

PwC Bağımsız Denetim ve
Serbest Muhasebeci Mali Müşavirlik A.Ş.

V. OPERATIONS OF THE FOUNDATION

Fellow programme

The young people who are selected for the Turkish Entrepreneurship Foundation's Fellow Programme through a six-step scientific elimination process participate in “FellowUP” inspiration gatherings, network events, internships, and experience events once every two months.

The fellow programme is composed of five core components:

1. Network
2. Role Model
3. Scholarship
4. Start-up ambassadors
5. Giveback

Network

The program participants are part of a national and an international network and attend trainings and gatherings.

Role model

Once every two months, the participants come together with successful entrepreneurs and have the chance to be inspired by them. This way, they develop themselves in the most effective manner.

Scholarship

The foundation grants scholarships to university students. A total of 100 students qualified for a monthly scholarship in the period 1 January 2018 - 31 December 2018. There is a plan to increase this number by 40 students each year.

Start-up ambassadors

The program participants act as “start-up ambassadors” in their own universities in order to propagate the culture of entrepreneurship by creating a multiplier effect.
